I ♥ドール

Ai Morizawa is a high school freshmen and a popular idol
but puts ZERO effort into her job
She only took the offer so she could get money, but she ditches her photo shoots
She's only looking for a boyfriend rather than seriously working!

In fan letters,
I get the question
"What do you look at
when you draw clothes?"
I look at fashion megazines,
stores, people I see in town,
and the clothes that I like
I put them together and draw
them.
Even if I can't wear them
myself, I'm satisfied
by just drawing them,
so everyone should try it
too.

I wear girly clothes too~
